Comments

PICCOLO STAR has good storage capabilities, but do not store too cold. When planting ensure well warmed seed. Suitable for all soil types and gives high number of tubers. Needs sufficient fertilisation and reacts well to micro elements. Susceptible to harvest and handling damage.

...for baby potatoes!

PICCOLO STAR is a golden yellow potato with a exceptional taste and texture. It is highly suitable as a salad and table potato and for retail processing. It produces a high number of oval tubers with light yellow flesh and yellow skin.
